Creating jobs to end poverty

OTHERS is an international Salvation Army initiative that promotes hope. Each product contributes to the creation of fairly compensated work for people who would otherwise have limited opportunities.

OTHERS producers are women and men connected through The Salvation Army's community development programs. When we present **OTHERS** products, we communicate the story of transformation that happens with every purchase. All products are handmade or include elements of craftsmanship.

Your purchase of an **OTHERS** product will directly impact the life of another individual living in Bangladesh and Kenya.

Christmas Eve

Decorating Christmas tree

For many Christians, the color of Christmas is green and red. **Green**, the color of Evergreen trees and our Christmas trees, signifies the eternal life that we have because of the sacrifice of Christ. **Red**, on the other hand, is the color of holly berries which represents the blood Jesus shed for us.

Christmas lunch preparation

“When you give a luncheon or a dinner, do not invite your friends or your brothers or your relatives or rich neighbors, otherwise they may also invite you in return and that will be your repayment. But when you give a reception, invite the poor, the crippled, the lame, the blind, and you will be blessed, since they do not have the means to repay you; for you will be repaid at the resurrection of the righteous.” *Luke 14:12-14*

*Immediately I joined others my life changed. I learnt through them how to make products that were sold overseas, the products included Christmas reindeers, flags , Tote bags and Easter chicks. This income from **OTHERS** enabled me to take my son to College and look after my ailing husband who unfortunately passed. I have also been able to begin a small business with capital from my **OTHERS** income.*

*I am also diabetic and through the income from **OTHERS** I have been able to afford my special medication and also support those in my support group who are unable to access medication due to financial challenges.*
